Behaviors include ignoring directions and work, sitting and doing nothing or going straight to the computer upon class arrival.

As a positive consequence, _____ chose to keep bringing his extra books and materials to first block class and to earn ten minutes of computer time at the end of each block at 10:10. To collect and monitor data, _____ will provide _____ with a green mark or a red mark on a daily calendar / behavior log which will remain at school.

If _____ needs assistance controlling his own behavior, we chose that he tell Ms. _____ that he needs a break or help. He could take a note to Mrs. _____ (or her substitute), walk to the water fountain or restroom. Ms. _____ will prepare a prewritten note to be kept in the back of _____'S agenda.
